

Founded in

# 1978,

International Pipe is a third-generation family-owned and -operated steel pipe distributor.

We offer new, used, and surplus steel pipe ranging from 1/4" to 120" OD, in numerous wall thicknesses and with various finishes.

At our Oklahoma City headquarters, we operate a 35-acre, full-service facility with corporate offices, a processing center, and a state-of-the-art fabrication shop. Our experienced office staff and expertly trained yard crew work to ensure accurate order processing and top-tier customer service.

With inventory storage yards strategically located across the U.S., we are better able to serve our customers and their steel pipe needs.
