

Bigfoot Pipe & Piling is one of the Northwest's top distributors of new, used, and surplus steel pipe, pipe pile, sheet piling, steel beams, and H-pile products.

We pride ourselves on stocking inventory and operating a supply chain equipped to provide the very best products and services available, on-time and on-budget!

Bigfoot has access to one of the largest inventories of steel pipe and pipe pile in the United States. Our products are stored in strategically located yards all over the country, including at our 12-acre facility in Puyallup, WA. We ship throughout North America, so you can believe that we have the steel products you need, when and where you need them!
